

**Guide Dogs
of America**

Since its founding by the International Association of Machinists in 1948, Guide Dogs of America, in Sylmar, California, has given sightless people from all over the United States and Canada the ability to move freely in a world of beauty they cannot see.

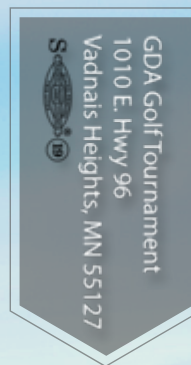

Guide Dogs of America is a nonprofit, charitable organization, fully certified by the California State Guide Dog Board. All services provided to blind individuals are free, including the dog, harness, training and lifetime follow-up.

The program relies solely upon donations from individuals, businesses, foundations, corporations, clubs, organizations and bequests. GDA receives no government funding.

Over 3,000 dogs have graduated from the rigorous training that transforms them from cute puppies into reliable, loving, dependable Guide Dogs for the blind.

Please help us to do our part to raise funds for this great charity!
